

PROFESSIONAL DEVELOPMENT  
DELIVERED DIFFERENTLY

RETHINKING  
**MUSIC**  
EDUCATION

BREAK THE BARRIERS WITH  
**DR ANITA COLLINS**

# BBB Brainwaves

Fuelling school improvement by creating powerful foundations for learning.

**While all schools provide music learning, how do you know if what your school is providing is effective and ensuring that every student is gaining the skills and improvements that music learning has been shown to provide?**

Research has shown that music learning can improve students academic outcomes in so many areas - language, literacy, numeracy, abstract thinking, problem solving, divergent thinking to name just a few.

Research has also shown that music learning can improve students attention, focus, social skills, emotional awareness, self-regulation, wellbeing, time management, persistence and resilience - just to name a few more.

**Yet while the research is clear, how to enact change by establishing or enhancing music programs is anything but an easy task.**

**Where to start, what to change, what to keep, how to make it sustainable are all incredibly important and interrelated questions.**

The **BBB Brainwaves** experience is your opportunity to find out how to deliver music learning in your school that benefits every student and can fuel school improvement.

# No More Lectures

Professional Development Delivered Differently

## THIS IS NOT A VIOLIN.

This is a tool for cognitive enhancement.

It will enable your brain to work faster and harder for longer.

It is a full workout for the brain.

### Dr Anita Collins is flipping the lid on professional learning for educators.

She knows your time is precious and you need your professional learning to be worthwhile.

Teachers work so hard every day to engage their students in learning. Teachers deserve to be given a professional learning experience that actually inspires, energises and propels them and reminds them why they love their work.

The **BBB Brainwaves** professional learning session will be based around the questions the participants ask. No more lectures and endless powerpoint and no one session will be the same.

The **audience are in the driving seat** and get to set the direction of each session.

### It starts in 2023

**Melbourne**

**Sydney**

**Brisbane**

### Fuelling school improvement by creating powerful foundations for learning

Designed for anyone who educates children between the ages of 3-12 years

90 minute, accredited, interactive Professional Learning

# An experience worth sharing

A focal experience for every team or school

Professional Learning should get ideas flowing and teams buzzing!

Whoever supports, or you want to encourage them to support, the use of music learning in your school to improve student outcomes and fuel school improvement, bring them along to a BBB Brainwaves session.

**Bring along your**  
**School Leader**  
**Deputy Leaders**  
**Literacy Leaders**  
**Business Manager**  
**Teaching assistants**  
**Stage teaching team**  
**P&C committee chair**

## 01

### **Get the gang together**

Share the event with your school staff, leaders and community and get a group together to attend.

## 02

### **Purchase tickets**

Buy your tickets online and make it an event. Maybe a quick coffee to fuel you before hand and a follow up meeting in the diary to discuss what you hear at the session.

## 03

### **Vote for your favourites**

We said it would be different. You get to vote via an app for the questions you want answered at the session.

## 04

### **Get ready for an experience**

The top five voted questions will be answered at the session and then you get a chance to ask the curly question everyone is thinking about at the end.
